

Gelled Lotion For Dimpled Skin

Lotion for dimpled skin in daily doses, associates 4 actions to reduce cellulite (**slimming, smoothing, firming, purifying**) thanks to a concentration of active ingredients obtained from algae and plants: Caffeine, Amadorine, Cytofiltrates of Fucus (brown algae), Delesseria sanguinea (red algae) and Ginkgo biloba, extract of Centella asiatica.

A significant reduction in centimetres: up to

2,6 cm in 28 days.

The skin is visibly smoother and less dimpled, firmer and softer.

The lotion is pleasantly perfumed, with a non-greasy fluid texture. It is easy to apply, penetrates the skin immediately and dries straight away.

Instructions for use:

- Twist off the top and close after use.
- Apply one dose a day for 14 days, morning and evening.
- Squeeze slightly to release the lotion, apply the lotion directly onto the skin.
- Apply whilst massaging with circular movements onto the relevant areas: thighs, bottom, stomach, and hips.
- Follow the treatment for another 14 days in order to prolong results.
